2019 Bywaters Award

Dear Mehmet,

It is my very great pleasure to inform you that you have been selected as joint-recipient of the ISN Bywaters Award for 2019, along with Raymond Vanholder. This award recognizes scientific excellence in the field of Acute Kidney Injury, and is named after Eric Bywaters, who first described crush syndrome in the 1940s.

The recommendation for you to receive the Bywaters Award was made by a special nominating committee with ratification by the ISN Executive Committee and Council in recognition of the outstanding and sustained excellence of your research.

We would like to present the Award to you at the World Congress of Nephrology in **Plenary Session #6 on Monday, April 15, 2019 from 16:30-17:35.**

We would be glad to welcome you as our guest to the World Congress of Nephrology in Melbourne, Australia, including business class travel. I would be very pleased if you could join us for the President's dinner on **Sunday, April 14th, 2019.**

Please contact Jo-Ann Donner at jdonner@theisn.org as soon as possible to confirm that you will attend the Award presentation, and for details regarding travel and accommodation.

My warmest congratulations to you for this very well-deserved honor.

Sincerely,

David Harris
President
