Fax number: _____

E-mail address: _____

For PISU contact person: _____

Stamp _____

Dear sir/madam,

We have the honour to inform you that the University of Prishtina, will organize the 12th edition of Prishtina International Summer University (PISU).

If your department wants to be part of this program, we strongly encourage you to complete the application form that you will find attached. The application form should be returned to the International Relations Office, as soon as possible, preferably before **15 February 2012**. Please make sure you fill out the application as completely as possible to the last detail. Incomplete forms and in languages other than English will not be taken into consideration. If you need help in completing the forms, please contact Ms. Mirjeta ISMAJLI, tel. + 381 38 246-750 or email: mirjeta.ismajli@uni-pr.edu or Mr. Mentor KADRIU, email: mentor.kadriu@uni-pr.edu .

Please follow this procedure:

1. Professors of each department (local or international) can suggest a course for PISU. Note that the course suggestion must be signed by the professor suggesting the course and by the Dean or Vice Dean of the Faculty.
2. On the basis of the course suggestions received, PISU will send out a call for professors to deliver those courses at the PISU, asking them to submit their CVs and a course proposal;
3. The number of PISU courses eventually allocated to your faculty depends on the number of valid course suggestions received from you, as well as the quality of the applications received from visiting professors. In total 20 courses can be organised.
4. After receiving course suggestions from visiting professors, PISU will send the list of course suggestions to faculties to ensure that course suggestions reflect priorities and needs of faculty. The faculty will have to send back the list of course suggestions arranged in priority order.
5. The PISU Committee will make the final decision and will approve course suggestions and appoint co-professors.

Course suggestions without the name of a co-professor indicated will not be accepted. The role of the co-professor is the most important point of contact for the visiting professor as to provide the course together with him/her. Co-professors need to take an active role in class, i.e. provide lectures and with local insight, lead discussions, prepare examinations, organise excursions and field work, etc.

In order to keep the PISU level of professionalism, we will have to select interested co-professors who are proficient in English and willing to attend the PISU pre-training in June. Please note that it is not possible to act as co-professor if one lacks a good working knowledge of English.

Please give your concrete course suggestions on the next page.

Sincerely,

Prof. Dr. Naser Mrasori

Vice Rector for International Cooperation, University of Prishtina
