Activities	Activity Name	Participant	The venue of the meeting	Date
Youth participation events without mobilities	A1 Start-up Meeting	22	Online on the Zoom platform	30.09.2024 (1 Day)
Youth participation events with mobilities	A2 Climate Change - Workshop	32	Istanbul University (Turkey, Istanbul)	5-8.05.2025 4 days (2 excl. travel)
Youth participation events with mobilities	A3 Biodiversity in Action Against Climate Change	7	Mano Europe (Lithuania,Kaunas)	26-29.05.2025 4 days (2 excl. travel)
Youth participation events without mobilities	A4 Assessment of Previous Activities	12	Online on the Zoom platform	11.11.2024 (1 Day)
Youth participation events without mobilities	A5 Green Practices in the Fight Against Climate Change	12	Online on the Zoom platform	21.10.2024 (1 Day)
Youth participation events with mobilities	A6 Application of Green Practices	7	Limitless Voice of Youth (Italy,Rome)	7-10.04.2025 4 days (2 excl. travel)
Youth participation events without mobilities	A7 Introduction of Renewable Energy Sources	12	Online on the Zoom platform	14.10.2024 (1 Day)
Youth participation events with mobilities	A8 The Role of Fossil Fuels in Climate Change & Sustainable Green Transportation	7	EDC EKSEDRA (Slovenia, Nova Gorica)	27-30.04.2025 4 days (2 excl. travel)
Youth participation events without mobilities	A9 The Importance of Recycling	30	Asociacion Extremundo (Spain, Extremadura)	25.11.2024 (1 Day)
Youth participation events without mobilities	A10 Feedbacks From Young People: Presentations	30	Online on the Zoom platform	02.12.2024 (1 Day)
Youth participation events with mobilities	A11 Potential of Microalgae in the Fight Against Climate Change	32	Istanbul University (Turkey, Istanbul)	12-15.05.2025 4 days (2 excl. travel)
Youth participation events without mobilities	A12 Green Practices in Agriculture Against Climate Change	12	Online on the Zoom platform	04.11.2024 (1 Day)
Youth participation events without mobilities	A13 An Alternative to Food Shortages in Climate Change Crisis: Sustainability	30	Omni Cooperation Association (Portugal, Melgaço)	06.12.2024 (1 Day)
Youth participation events without mobilities	A14 Dissemination of the Project	12	Online on the Zoom platform	18.11.2024 (1 Day)
Youth participation events without mobilities	A15 Final Evaluation of the Project	22	Online on the Zoom platform	23.06.2025 (1 Day)

A14	23.11.2024
A15	28.06.2025

ALL THE PARTICIPANTS CAN JOIN THE ONLINE ACTIVITIES

A1-START-UP MEETING (WITHOUT MOBILITIES) 30.09.2024

The project will begin on the ZOOM platform, hosted by Istanbul University, with 22 participants. This activity, which will be conducted online, will last for 1 day. During this initial meeting, the partner organizations will be introduced, and the general framework of the project as well as task distribution will be discussed. The partners' opinions and suggestions will be debated, and Instagram and Twitter accounts will be created to promote the project. Additionally, the preparation process for the next activity will be evaluated, and participants will be informed about the measures taken in their countries to combat environmental degradation and climate change.

*Due to the online nature of this activity, all partners are welcome to participate.

Participating organisations:	ISTANBUL UNIVERSITESI(6), Limitless Voice of Youth(2), Mano Europa(2), Megunaroden Centar za Obrazovanie i Obuka Prilep(2), FUNDACJA BETTER TOGETHER(2), EDC EKSEDRA(2), Asociación Extremundo(2), Omni Cooperation Association(2), TTB(2)

A2-CLIMATE CHANGE - WORKSHOP (WITH MOBILITIES) 05.05.2025 - 08.05.2025

This project's A2 activity aims to contribute to Europe's sustainability by supporting the EU Youth Strategy and the EU Green Deal. Hosted by Istanbul University, an event will be organized with 32 participants, including representatives from Istanbul University (20), Megunaroden Centar za Obrazovanie i Obuka Prilep (3) from North Macedonia, EDC EKSEDRA (3) from Slovenia, Mano Europa (3) from Lithuania, and Omni Cooperation Association (3) from Portugal. The event will take place over one day and will focus on raising awareness about climate change and environmental degradation, with the goal of promoting behavioral changes. Participants will learn about the environmental harm caused by single-use plastics, and a bio-plastic workshop will be held to produce eco-friendly kitchen alternatives. In this workshop, sustainable food storage products will be made using materials such as organic cotton fabric, beeswax, coconut oil, and resin, sourced from the local producer MUMO.

Participating organisations:	ISTANBUL UNIVERSITESI(20) , Megunaroden Centar za Obrazovanie i Obuka Prilep(3) , EDC EKSEDRA (3), Mano Europa (3), Omnl Cooperatlon Assoclatlon (3)

A3-BIODIVERSITY IN ACTION AGAINST CLIMATE CHANGE (WITH MOBILITIES) 26.05.2025 - 29.05.2025

The third event A3 will be held in Kaunas, Lithuania for four days and will feature 7 participants from Turkey and Portugal. This event will take place over a duration of 2 to 6 days. Organized by Mano Europa with training provided by Istanbul University, the event will explore the relationship between biodiversity and climate change. The significance of biodiversity preservation, particularly in line with the EU's 2030 Biodiversity Strategy, will be highlighted. Participants will reflect on how individual actions can impact environmental sustainability and mitigate climate change. This seminar will provide an opportunity for local stakeholders to share insights and inspire the participants to take meaningful actions for biodiversity protection.

Participating organisations:	ISTANBUL UNIVERSITESI(3), Mano Europa(4)

A4-ASSESSMENT OF PREVIOUS ACTIVITIES (WITHOUT MOBILITIES) 16.11.2024

The fourth event A4 will once again be conducted online through the ZOOM platform in Istanbul, Turkey. This activity, which will be conducted online, will last for 1 day. It will involve 12 participants from Spain and Italy, including representatives from Asociación Extremundo and Limitless Voice of Youth. During this one-day event, previous activities (such as the Climate Change Workshop and Biodiversity Seminar) will be reviewed. Since the participants of this session did not attend earlier events, the content, outcomes, and key findings will be thoroughly discussed. An evaluation survey will be conducted at the end of the session to assess how well the participants understood the material and how beneficial they found it.

*Due to the online nature of this activity, all partners are welcome to participate.

Participating organisations:	ISTANBUL UNIVERSITESI(4), Asociación Extremundo(4), Limitless Voice of Youth(4)

A5-GREEN PRACTICES IN THE FIGHT AGAINST CLIMATE CHANGE (WITHOUT MOBILITIES) 26.10.2024

The fifth event A5, also taking place in Istanbul, Turkey will feature 12 participants from North Macedonia and Poland. This activity, which will be conducted online, will last for 1 day. Hosted by Istanbul University via ZOOM, this session will focus on the link between environmental pollution and climate change. The goal is to increase participants' awareness of the effects of environmental degradation and introduce scientific approaches to addressing these challenges. Green practices that have proven effective will be discussed, and a mini-test will be administered at the end to evaluate the participants' learning. These test results will later be used for overall event evaluation.

*Due to the online nature of this activity, all partners are welcome to participate.

Participating organisations:	ISTANBUL UNIVERSITESI(4), MCOOP(4), FUNDACJA BETTER TOGETHER(4)

A6-APPLICATION OF GREEN PRACTICES (WITH MOBILITIES) 07.04.2025 - 10.04.2025

The sixth event (A6) will be held in Rome, Italy, over a four-day period, bringing together 3 participants from Turkey (Istanbul University) and 4 participants from Italy (Limitless Voice of Youth). This event will take place over a duration of 2 to 6 days. Organized by Limitless Voice of Youth, the event will revisit the education provided in the fifth activity regarding environmental pollution and climate change. Additionally, green alternatives to pollutants such as plastics and aerosols will be introduced. Participants will share green practices from their own countries, fostering a collaborative environment for exchanging best practices. At the end of the event, a quiz will be conducted to gather feedback from the participants, and the results will be shared through the project's dissemination tools.

Participating organisations:	ISTANBUL UNIVERSITESI(3), Limitless Voice of Youth(4)

A7-INTRODUCTION OF RENEWABLE ENERGY SOURCES (WITHOUT MOBILITIES) 19.10.2024

The seventh event A7 will take place, in Istanbul, Turkey, with 12 participants from North Macedonia and Poland. This one-day event, hosted by Istanbul University on ZOOM, will focus on the contribution of fossil fuels to climate change and the importance of renewable, sustainable energy sources. Participants will be introduced to clean energy options such as solar, wind, water, and geothermal energy. Siemens' "Microgrids for Sustainability" project will be showcased as an example of renewable energy solutions. At the end of the event, a survey will be conducted to assess whether the content achieved its goals and how much participants benefited from the session.

*Due to the online nature of this activity, all partners are welcome to participate.

Participating organisations:	ISTANBUL UNIVERSITESI(4), MCOOP(4), FUNDACJA BETTER TOGETHER(4)

A8-THE ROLE OF FOSSIL FUELS IN CLIMATE CHANGE & SUSTAINABLE GREEN TRANSPORTATION (WITH MOBILITIES)

27.04.2025 - 30.04.2025

The eighth event A8 will be hosted in Ljubljana, Slovenia over four days, featuring 7 participants from Turkey and Lithuania. This event will take place over a duration of 2 to 6 days. Organized by EDC EKSEDRA, the event will emphasize the importance of sustainable and clean energy sources in combating climate change. Workshops will cover topics such as the impact of fossil fuels on global warming, the importance of renewable energy, sustainable transportation, and bio-entrepreneurship. The event aims to introduce young people to environmentally friendly career opportunities while supporting the EU's Green Deal and carbon-neutral policies.

Participating organisations:	ISTANBUL UNIVERSITESI(3), EDC EKSEDRA(4)

A9-THE IMPORTANCE OF RECYCLING (WITHOUT MOBILITIES) 30.11.2024

The ninth event, A9, will take place over one day and will be held virtually via Zoom, hosted by Istanbul University. The event will include 30 participants, with 4 from Norway, 4 from Spain, and 22 from Turkey. This activity will focus on the importance of recycling in the fight against climate change. Participants will learn how recycling saves energy and reduces greenhouse gas emissions. Additionally, they will explore practical ways to incorporate reusable products into their daily routines, reducing reliance on single-use items. The goal is to raise awareness about the environmental, economic, and time-saving benefits of recycling.

*Due to the online nature of this activity, all partners are welcome to participate.

Participating organisations:	ISTANBUL UNIVERSITESI(22), Asociación Extremundo(4), TTB(4)

A10- FEEDBACKS FROM YOUNG PEOPLE: PRESENTATIONS (WITHOUT MOBILITIES) 07.12.2024

The tenth event A10 will take place in Istanbul, Turkey, and will involve 30 participants from Turkey, Poland and Italy. This activity, which will be conducted online, will last for 1 day. This event will be held online through ZOOM, and participants will be asked to prepare presentations reflecting on the progress and overall status of the project thus far. Throughout the day, the participants will share their presentations, allowing for in-depth evaluations of the activities, results, and learnings gained through the project.

*Due to the online nature of this activity, all partners are welcome to participate.

Participating organisations:	ISTANBUL UNIVERSITESI(22), Limitless Voice of Youth(4), FUNDACJA BETTER TOGETHER(4)

A11-POTENTIAL OF MICROALGAE IN THE FIGHT AGAINST CLIMATE CHANGE (WITH MOBILITIES)
12.05.2025 - 15.05.2025

The eleventh event A11 will be hosted in Istanbul, Turkey over four days and will feature 32 participants from Turkey, Italy, Spain, Norway and Poland. This event will take place over a duration of 2 to 6 days. During this session, the impact of climate change on energy and food supplies will be discussed, with a special focus on the potential of microalgae as an alternative source for food and bioplastics. Participants will explore the high nutritional value and efficiency of microalgae in reducing the need for traditional agricultural resources. Additionally, the role of microalgae in biogas production and plant-based protein alternatives will be presented, alongside discussions on their potential for bioplastic production to address the plastic waste crisis.

Participating organisations:	ISTANBUL UNIVERSITESI(20), FUNDACJA BETTER TOGETHER(3), TTB(3), Asociación Extremundo (3), Limitless Voice Of Youth (3)

A12-GREEN PRACTICES IN AGRICULTURE AGAINST CLIMATE CHANGE (WITHOUT MOBILITIES) 09.11.2024

On November 11, 2024, the twelfth event A12 will be held online via ZOOM in Istanbul, Turkey. A total of 12 participants from Norway and North Macedonia will attend. This one-day event will focus on the environmental and climate-related importance of agriculture. Participants will learn about green practices that support sustainable food production, which can help reduce carbon emissions and promote healthy soil, water management, and biodiversity. The session will emphasize the significance of sustainable agriculture in ensuring both economic and social sustainability, particularly in reducing the environmental impact of farming practices.

*Due to the online nature of this activity, all partners are welcome to participate.

Participating organisations:	ISTANBUL UNIVERSITESI(4), TTB(4), MCOOP(4)

A13-AN ALTERNATIVE TO FOOD SHORTAGES IN CLIMATE CHANGE CRISIS: SUSTAINABILITY (WITHOUT MOBILITIES) 14.12.2024

The thirteenth event, A13, will take place over one day and will be held virtually via Zoom, hosted by Istanbul University. The event will include 30 participants, with 26 from Turkey and 4 from Portugal. Organized by Istanbul University, this event will introduce participants to innovative food alternatives like microalgae and edible insects. The high nutritional value of microalgae, their protein content, and antioxidant capacity will be highlighted, along with discussions on the sustainability of edible insects, which are consumed by over two billion people worldwide. Participants will learn how these alternative protein sources are eco-friendly and cost-effective solutions to food security challenges. Additionally, food products made from microalgae and insects will be presented, followed by quizzes and surveys to gauge participant feedback and learning outcomes.

*Due to the online nature of this activity, all partners are welcome to participate.

Participating organisations:	ISTANBUL UNIVERSITESI(26), Omni Cooperation Association(4)

A14-DISSEMINATION OF THE PROJECT (WITHOUT MOBILITIES) 23.11.2024

The fourteenth event A14 will be conducted online via ZOOM from Istanbul, Turkey, with 12 participants from Turkey, Italy, Lithuania, North Macedonia, Poland, Slovenia, Spain, and Norway. This activity, which will be conducted online, will last for 1 day. In this session, the outcomes, results, and observed impacts of the project will be shared with all partner organizations. Each partner will contribute to the dissemination of these results using their communication tools and networks. This will ensure that the project reaches a broader audience and highlights the achievements and progress made throughout its duration.

*Due to the online nature of this activity, all partners are welcome to participate.

Participating organisations:	ISTANBUL UNIVERSITESI(4), Limitless Voice of Youth(1), Mano Europa(1), Megunaroden Centar za Obrazovanie i Obuka Prilep(1), FUNDACJA BETTER TOGETHER(1), EDC EKSEDRA(1), Asociación Extremundo(1), Omni Cooperation Association(1), TTB(1)

A15-FINAL EVALUATION OF THE PROJECT (WITHOUT MOBILITIES) 28.06.2025

Finally, the fifteenth event A15 will also take place in Istanbul, Turkey, conducted online via ZOOM with 22 participants from all partner organizations, including Turkey, Italy, Lithuania, North Macedonia, Poland, Slovenia, Spain, and Norway. This activity, which will be conducted online, will last for 1 day. This final meeting will serve as a comprehensive review of the entire project. Participants will be invited to openly share their thoughts, suggestions, and expectations for the future. The event will provide a platform for reflecting on the activities, results, and data collected, ensuring that all aspects of the project are transparently shared. Participants will also be asked to write short personal reflections on their experiences, which will be published on the project website to document the emotional and intellectual journey they undertook during the project.

*Due to the online nature of this activity, all partners are welcome to participate.

Participating organisations:	ISTANBUL UNIVERSITESI(6), Limitless Voice of Youth(2), Mano Europa(2), Megunaroden Centar za Obrazovanie i Obuka Prilep(2), FUNDACJA BETTER TOGETHER(2), EDC EKSEDRA(2), Asociación Extremundo(2), Omni Cooperation Association(2), TTB(2)
