AKADEMİK KAYIT SİSTEMİ (AKSİS): HOW TO CREATE YOUR ACCOUNT

Information for incoming Erasmus students | Updated September 2026

You can follow your courses and grades online through **AKSİS**, the academic record system of Istanbul University. Accounts are now created through the university's **Student Application System (Başvuru Sistemi)**, which you reach from www.istanbul.edu.tr. These steps replace the earlier instructions that used the old AKSİS login page.

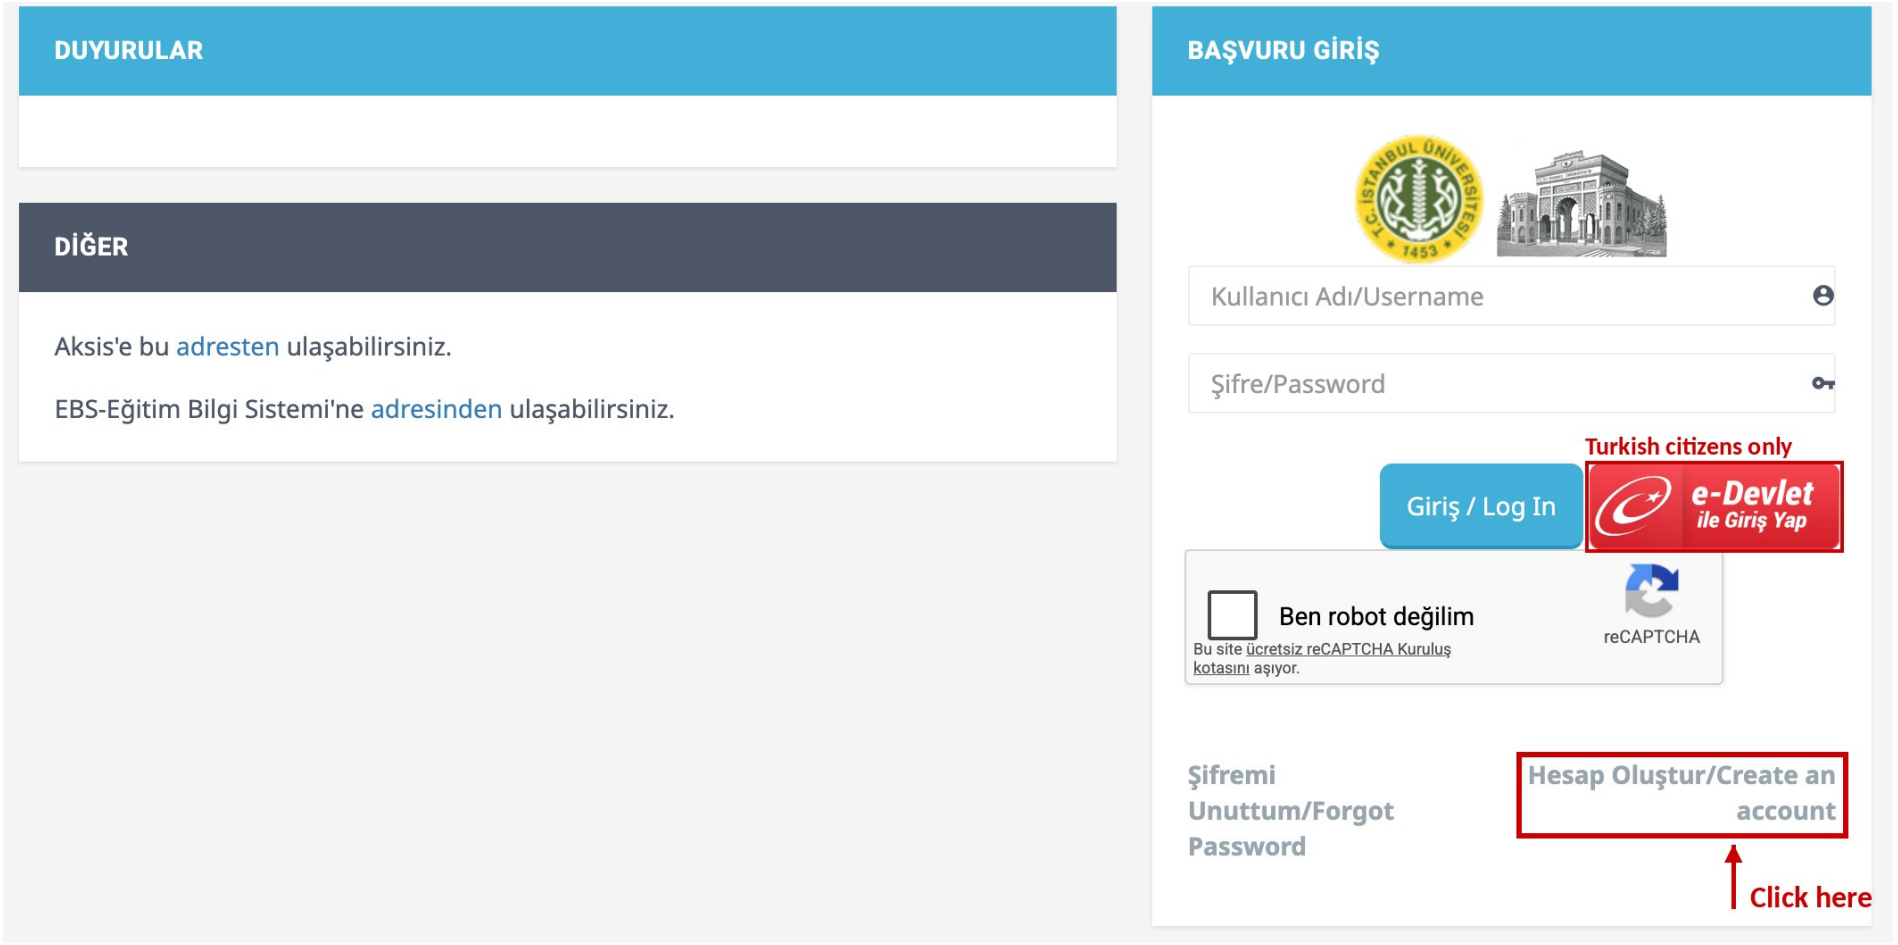

1. Open the Student Application System

Go to www.istanbul.edu.tr, open **e-HİZMETLER** (e-Services) in the top menu and click **BAŞVURU – Öğrenci Başvuru Sistemi**. You can also go there directly: https://basvuru.istanbul.edu.tr.

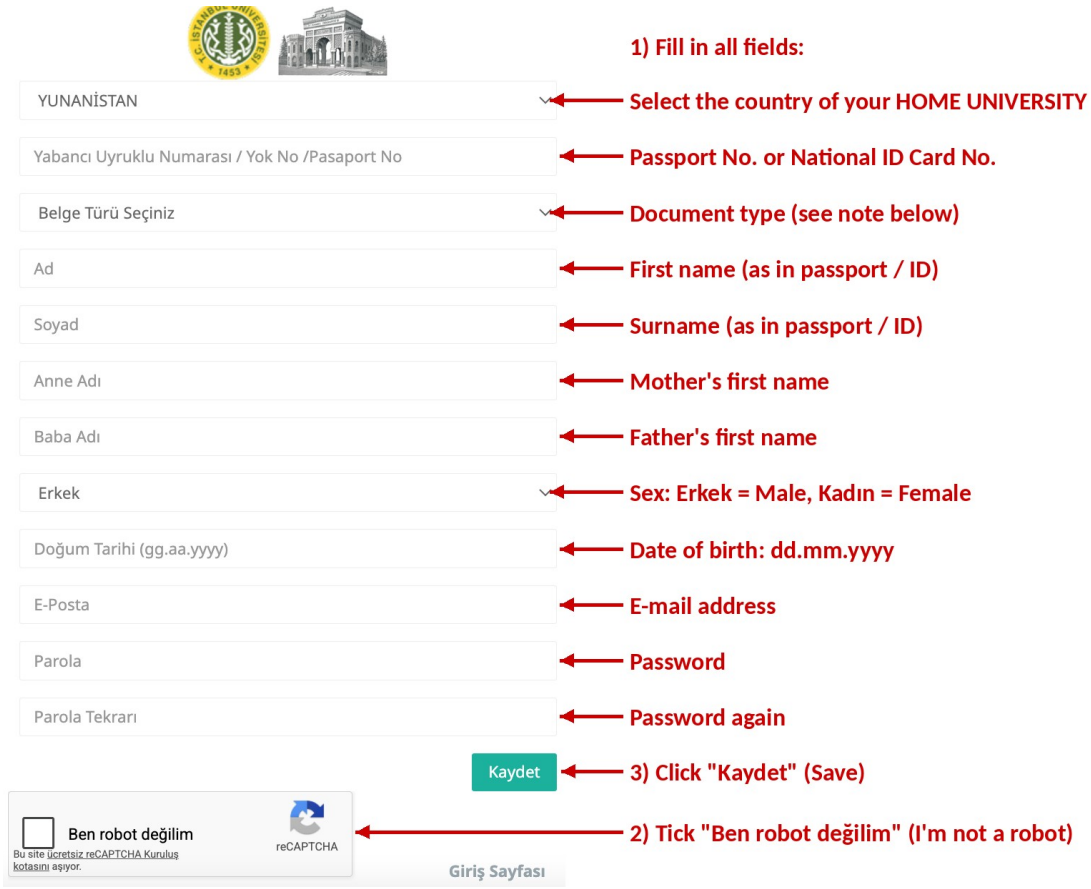

2. Click “Hesap Oluştur / Create an account”

On the login page, click **Hesap Oluştur / Create an account**. Do **not** use the red **e-Devlet ile Giriş Yap** button; it is only for Turkish citizens.

3. Select the country of your home university and fill in the form

In the top drop-down list, select the country where your **home university** is located. The default is TÜRKİYE; once you change it, the fields for international students appear. Country names are in Turkish, e.g. *ALMANYA = Germany*, *FRANSA = France*, *İSPANYA = Spain*, *İTALYA = Italy*, *POLONYA = Poland*, *YUNANİSTAN = Greece*.

Document type (Belge Türü): choose **UMUMA MAHSUS PASAPORT** if you register with your passport, or **ULUSAL KIMLIK KARTI** if you register with your national identity card. The number in the second field must belong to the document you select. Write your name exactly as it appears in that document.

4. Log in

After you click **Kaydet**, your **username will be sent to the e-mail address** you entered in the form. If you cannot find this e-mail, please check your spam/junk folder.

Go back to the login page (https://basvuru.istanbul.edu.tr), enter your **Kullanıcı Adı / Username** and **Şifre / Password**, tick **Ben robot değilim** (I'm not a robot) and click **Giriş / Log In**.

If you forget your password, use **Şifremi Unuttum / Forgot Password** on the login page.

5. See your courses and grades

After logging in, click **OBS (Öğrenci Bilgi Sistemi)** → **Öğrenim Bilgileri** → **Sınav Sonuçları ve Notlar** (Exam Results and Grades).
