•Participate in interdisciplinary projects with other faculties such as Medicine, Law, Dentistry, and Political Sciences.

•Expand your knowledge and expertise by working on diverse and impactful projects.

ISTANBUL UNIVERSITY

INVEST IN YOUR FUTURE

Types of Visits and Fees

All international visitors are expected to cover their own transportation and accommodation expenses. Istanbul University does not provide any transportation or accommodation scholarships or facilities. The program fee includes the costs of administrative processes and the mentorship services provided to you throughout your visit. For details, please contact the faculty office.

Publishing opportunity at :

Journal of Data Analytics and Artificial Intelligence Applications

You may request a scholarship during your application. Full Scholarship requests will only be considered and granted with the condition of the successful publication in the Faculty Journal.

Publish on CIT Journal

We are inviting you to submit your publications you have created during your study at Istanbul University.

Steps of Application

1. Submit Your Documents: Send your application documents and a letter of intent, including your visit dates, to bilgisayar@istanbul.edu.tr. If you will need additional documents after your visit, please specify these in your application.

2. Application Review: Your application will be reviewed by our experts, and if found suitable, you will be invited to an online interview.

3. Interview Process: During the interview, you will be asked to briefly introduce yourself and discuss the work you wish to undertake.

4. Invitation Letter: After the interview is evaluated, if everything is positive, an invitation letter will be sent to you as the result of your application.

5. Arrival at CIT: On the date of your visit, come to the faculty building and introduce yourself.

6. Mentorship:A faculty member will be assigned to you as a mentor throughout your visit.

7. Completion Ceremony: At the end of your visit, documents indicating your participation and visit will be ceremonially presented to you.

During your visit, don't forget to collect plenty of memories and experiences. Once you join the CIT family, you will always be a part of us, so remember to stop by your home whenever you visit Istanbul.

Istanbul University is a well-established institution and is recognized as one of the top 10 research universities in Turkey by the Council of Higher Education (YÖK). The university is known for its support in this field, and it ranks highly in international rankings. With direct agreements in place with 147 countries, we are also expanding these agreements for our newly established department. Given the department's focus on industry collaborations, students will have opportunities to quickly establish connections, engage in academic advancements, participate in projects, and even find employment while studying. Additionally, within Istanbul University, there are over 300 active student clubs and numerous companies in the Istanbul University Technopark, providing easy access to both social and professional experiences.
