RMA Exploratory Workshop Held at Istanbul University

As part of the project, an exploratory workshop on Research Management and Administration (RMA) was successfully held on April 3, 2025, at the Blue Hall of Istanbul University Rectorate.

The workshop aimed to identify core competencies and key learning outcomes required for effective research management. The event began with an opening speech by the project coordinator, Prof. Gürel Çetin.

Benchmark Analysis Completed

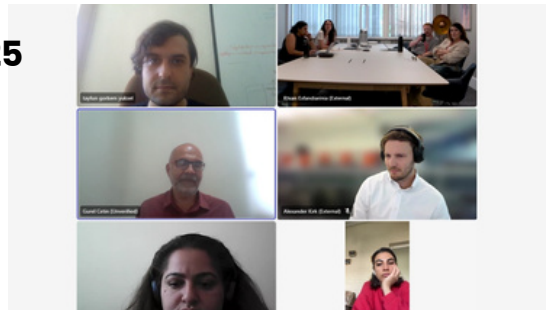

We are pleased to announce the successful completion of the benchmarking analysis on Research Management and Administration (RMA) education.

This comparative study reviewed 14 educational programs, including 4 master's degrees and 10 certificate programs, and successfully assessed the current landscape of RMA training. Through this analysis, existing gaps in RMA education were identified, along with the specific needs of research institutions in the UK, Turkey, and the broader international research ecosystem.
